# JULIAN CHICHESTER

Celebrate

# Collaborate

And Decorate!

This Design Week we announce the launch of a 6-piece capsule collection in collaboration with our designer friends, Turner Pocock.

We've had the pleasure of working with Turner Pocock for over 15 years. The philosophy of both brands has familiar foundations, notably taking inspiration from the past to create truly unique statement designs.

There's also some tweaks and changes to a few signature pieces, using new materials and finishes in innovative ways, naturally!

*It was such a pleasure to co-design pieces that accommodate the needs and rather unsightly results of the modern world, such as endless wires for our technology, and to make them beautiful using artisanal crafts and the finest materials.*
